

Chris Andrew Ciulla

A short man who tells TALL tales.

323 440 0403 - ccandrew17@hotmail.com - www.ChrisCiulla.com

Census

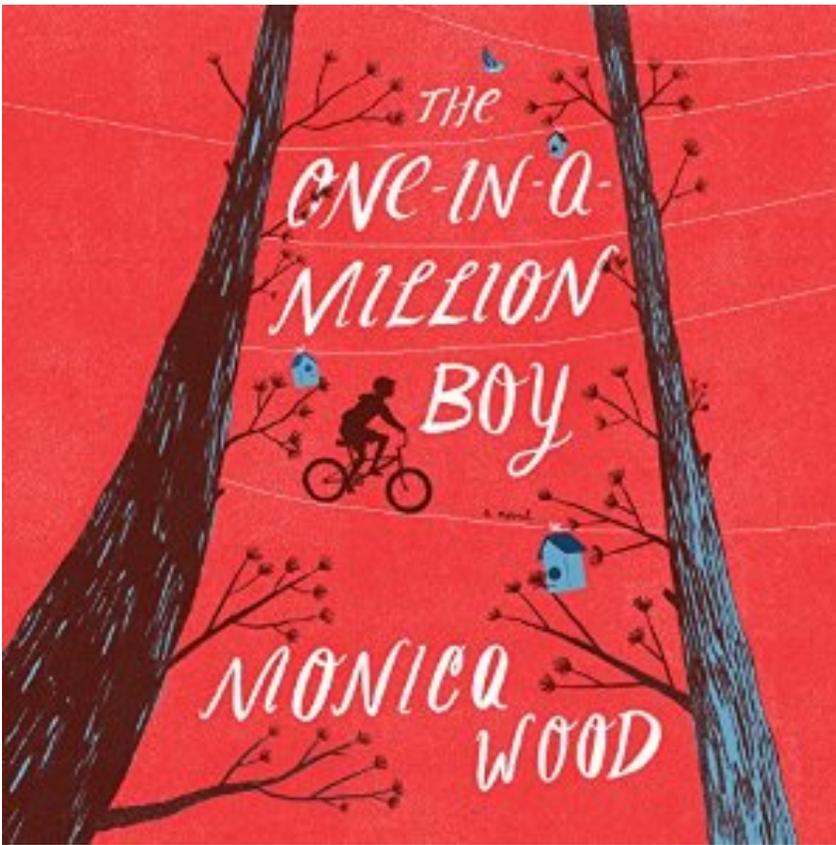

By Jesse Ball

**Contemporary Fiction
(HarperCollins/Eljin)**

“Narrator Chris Ciulla uses the gentle tone of a person telling a folktale in this allegorical story of a man who, upon finding out that he's dying, gathers up his son and takes a job as a traveling census taker, who administers tattoos to each person he

counts. Award-winning author Jesse Ball explains in his introduction to this layered and touching novel that it is, in part, a childhood reflection and an attempt to understand how the world appeared to his real-life older brother who had Down's syndrome. Ciulla's easygoing narration style carries a tone of acceptance that highlights Ball's poetic prose and brings home the fact that no one can love a brother more than his own brother.”

The One-in-a-Million Boy

By Monica Wood

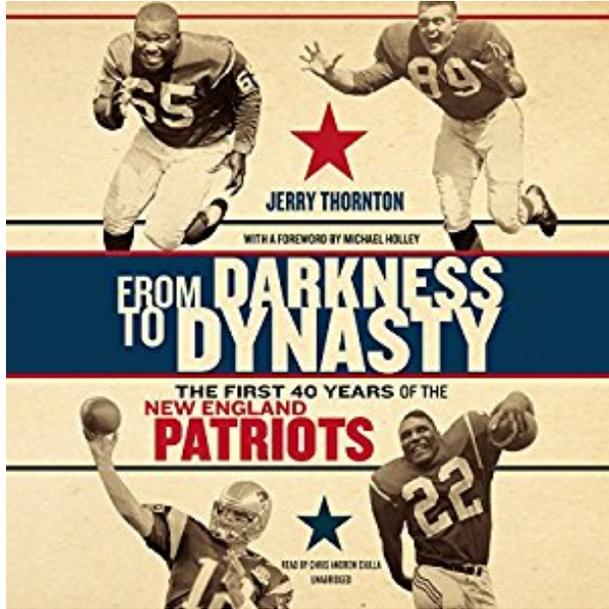

**Contemporary Fiction -
Dreamscape**

“Ona Vitkus is 104 years old and something of a loner. Narrator Chris Ciulla adopts a slight accent to illustrate her Lithuanian roots and adds a slight tremulousness to his timbre so that Ona sounds old but still

spry and spirited... Ciulla's open performance and slightly hurried pacing for the boy perfectly translate his unfiltered but sweet nature... Quinn didn't always fulfill his parental responsibilities but Ciulla makes his fundamental decency and kindness clear to the listener.”

- [AudioFile Magazine](#)

“I highly recommend the audiobook if you can get a copy. Narrated by the gifted Chris Ciulla, the story is taken to a whole new level thanks to his inflections and tones. How you can convincingly go from voicing a 104-year old woman to an 11-year old boy is beyond me, but Chris Ciulla does so with grace and affection. He's phenomenal. 5 stars for *The One-In-A-Million Boy*. Don't forget your tissues.” - [Literary Hoarders](#)

**From Darkness to Dynasty:
The First 40 Years of the
New England Patriots
By Jerry Thornton**

Sports Non-Fiction - Blackstone

“If you're an unapologetic New England Patriots fan, this book takes you through the Roller-coaster ride literally "From Darkness to Dynasty ". A perfect title, it brings their history to life, and I don't mind saying reliving much of that history did bring back

those tears of joy! I loved it...This is a must listen for those of us who lived through it.” - [Audible Listener Reviews](#)

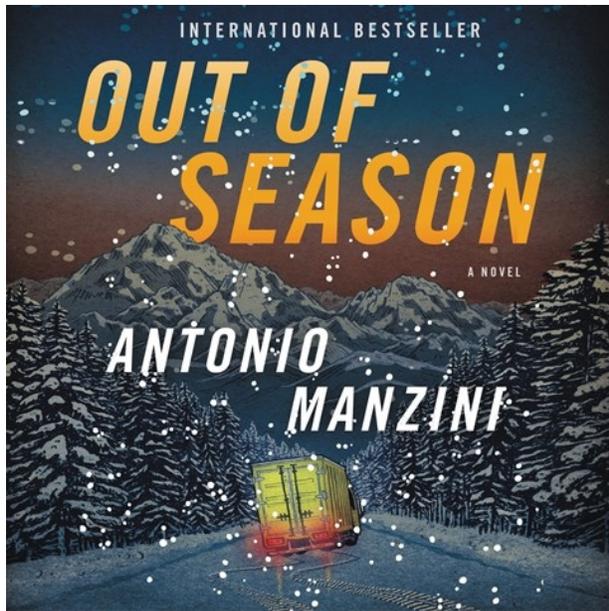

**The Vigilante Chronicles:
Book One of Seven
By Natalie Grey
and Michael Anderle**

Fantasy/Sci-Fi - Dreamscape

“A distant mining planet is certainly a potential setting for abuse. That proves to be the case in this stirring audiobook in which a greedy mine operator ignores the law and continues to use slave labor. That means it's up to Barnabas, a human who was formerly Ranger One, to liberate those trapped in these trying conditions. A

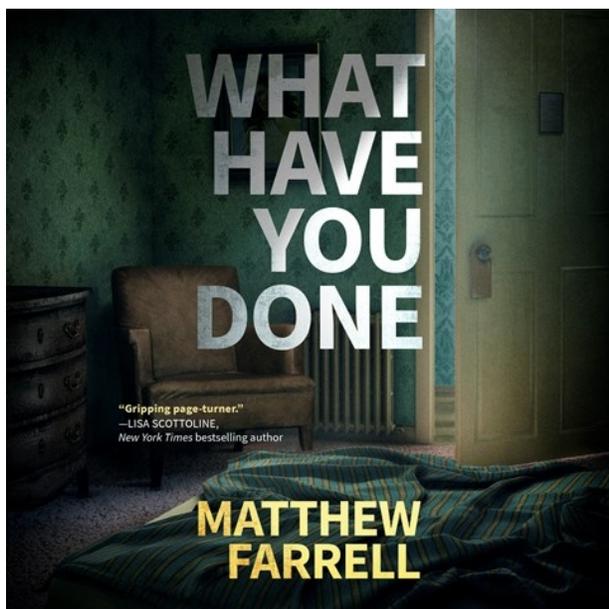

planet such as this, packed with many species of aliens, is a narrator's dream. Narrator Chris Ciulla makes the most of it, capably bringing to life monkey-and snake-like creatures and even Barnabas's partner, a wisecracking female battleship. The outcome of this first book of the Vigilante Chronicles series is never in doubt, but the fun is in getting there. This is space opera that sings!” - [AudioFile Magazine](#)

Out of Season:
Rocco Schiavone, Book Three
By Antonio Manzini
Italian Detective Noir –
Harper/Common Mode

“Navigating an array of accents and shifting emotional tension, Chris Andrew Ciulla delivers a solid narration of this taut mystery set in the Italian Alps. Chiara Berguet, the daughter of a local construction magnate, has been kidnapped. However, the crime is brought to light only through chance when a van with stolen plates is found in the trees along the highway. Beleaguered Deputy Police

Chief Rocco Schiavone leads the inquiry, and Ciulla does well with the fast-paced dialogue and wordplay that marks Schiavone's investigative style. The procedural stretches over the course of five days and is interrupted periodically by Schiavone's romantic troubles and a looming threat from the past. Time expands and contracts, thanks to Ciulla's chilling rendering of Chiara's captivity.” – [AudioFile Magazine](#)

What Have You Done
By Matthew Farrell
Detective Thriller – Brilliance

“Chris Andrew Ciulla is the perfect narrator for this twisted family drama. Forensic specialist Liam Dwyer and his older brother, Sean, a detective, are bound by a childhood tragedy and the resulting fallout. When Liam is called to a brutal murder, he discovers the victim is the woman he was having an affair with, and he can't remember the night before. Things spiral out of control as he becomes the prime suspect. Sean, always the hero, tries to save Liam as the investigation intensifies. However,

as secrets are exposed, the truth about the brothers and their actions turns out to be more complicated than it at first seems. Speaking from the perspective of each brother--and numerous supporting characters--Ciulla deftly portrays frustration, heartbreak, betrayal, and rage as the story reaches an ending listeners won't see coming.” – [AudioFile Magazine](#)
